GENERAL TELEPHONE INFORMATION

Your telephone account is handled by a Representative in our Business Office. It is her responsibility to assist you in all matters relating to your service. You will find her desirous of being helpful and fully qualified to handle requests for new or additional service, changes of address, terminations of service, directory listings, extension telephones, private branch exchange service, collections, adjustments, and to discuss other business transactions. To reach your Representative call 40. If you prefer to transact business in person, we will help you at the Business Office, 510-5th Street. Office hours are from 8 a. m. to 5 p. m. Monday through Friday. At all times when the Business Office is closed calls will be answered by a representative who will handle business requiring immediate attention and arrange for the handling of other business on the following business day.

It is our constant aim to provide you with a courteous, efficient and pleasing service at all times, and it will assist us in fulfilling this purpose if you would let us know of any experience you might have where you feel we have failed in our efforts to carry out this objective. M. L. Shelton, Manager.

REGULATIONS AND RATES

Rates applicable to the furnishing of the various services by the telephone company are contained in tariffs on file in the Business Office. Our Representative will be glad to assist you in obtaining information from them.

BILLS FOR SERVICE

Bills are issued monthly and cover local service charges for one month in advance from the date of the bill and long distance charges for one month preceding date of bill. They are due upon presentation. Information regarding bills may be obtained by calling the Business Office.

PAYMENT OF BILLS

Bills may be paid by mail or in person at the Business Office, or at the following authorized payment agencies:

Carr Hardware, 306 Main.
Coe Flower Shop, 2542 Lincoln Way.
Union Story Trust and Savings Bank, Gilbert, Iowa.

SUSPENSION OF SERVICE

When you are to be away from your residence for an extended period, you may arrange to have your telephone service temporarily suspended at a reduced rate. If you wish, the operator will inform those calling where you can be reached. You may retain your telephone number and there is no charge for resumption of service upon your return.

TELEPHONE RECORDING SERVICE

A short high "beep" tone heard at 15 second intervals indicates your conversation is being recorded. The signal is provided by the telephone company for your protection. If you do not want your conversation recorded ask the person with whom you are talking to disconnect the recording machine. Use of a recorder without a signal is unlawful.

TELEPHONE ATTACHMENTS

In the interest of good service, please do not attach auxiliary apparatus or advertis-

ing devices to telephone instruments or other equipment. Attachments generally interfere with telephone service and the Telephone Company reserves the right to remove apparatus or devices which it does not furnish.

TELEPHONE DIRECTORIES

The directory is an important aid in providing good and prompt telephone service.

Every reasonable precaution is taken to avoid errors and omissions in a telephone directory, but the Company does not guarantee listings therein, and shall not be liable for damages arising out of errors in or omissions from its directories, except as provided for in the regulations and tariffs filed in the Business Office. Directories are the property of the Telephone Company and are to be returned to the Telephone Company upon request. No binder, holder or auxiliary cover, except such as may be provided by, or with the consent of the Telephone Company, shall be used in connection with any directory furnished by the Telephone Company.

Directories of other cities may be obtained at nominal cost. The Business Office will be glad to order any you may desire.

TELEGRAMS BY TELEPHONE

You may telephone telegrams, cablegrams and radiograms to the Western Union Telegraph Company and have the charges placed on your telephone bill.

You may also telephone your telegrams from public coin box telephones and pay for the message as you would for a telephone call.

OUR POLICY

The policy of this organization as a part of the Bell System is to provide at all times the best possible telephone service at the lowest rates consistent with reasonable earnings and fair treatment of employees.

GENERAL TELEPHONE INFORMATION

PARTY LINE SERVICE

Party-line service is good service when those on the line co-operate to make it so. Here are some of the things you can do to get the greatest value from your party line:

- 1—Keep calls reasonably brief.
- 2—When you have several calls to make, allow a little time between them. That gives others on the line an opportunity to make or receive calls.
- 3—If the line is in use when you try to call hang up quietly.
- 4—If you have children, teach them party-line courtesy, too.

Your courtesy and consideration will encourage others on the line to follow your good example. When everyone is trying to co-operate, everyone has better service.

SOME EXTRA TELEPHONE SERVICES AVAILABLE TO YOU

EXTENSION TELEPHONES

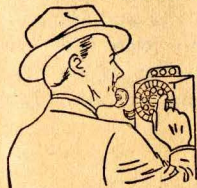

Extension telephones save you many steps and keep you from missing calls. A bedside extension is a protection as well as a convenience. A kitchen extension enables the lady-of-the-house to watch dinner while phoning.

EXTENSION BELLS

Inside or outside, extension bells help you get calls when out of earshot of your telephone . . . in the yard, for instance. A cut-off key may be used to silence the ringing when not needed. Loud-ringing gongs are available where required.

RESIDENCE ADDITIONAL LISTINGS

You can list other members of your household in the telephone directory. Extra listings make it easier for friends to locate members of your family and add to a really complete service in your home.

YOUR PHONE AWAY FROM HOME

Make the conveniently located public telephone your phone when away from home or office. Instructions on how to use the pay telephone are mounted on each telephone.

If you receive a wrong number, or coins are collected in error, please notify the operator promptly so that proper adjustment may be arranged.

THE YELLOW PAGES

(A Complete Buying Guide)

For your ease in shopping, the Yellow Pages list professional people, business firms, products, and services by classification. In addition, many of these firms carry additional listings, national trade mark and name listings and advertising describing their business and services. You will find the Yellow Pages easy to use and a readily available source of buying information. To find a product, a dealer, or a service, simply turn to the Classified Directory and look under the classification description of the product or service you desire and there you will find a convenient alphabetical list of the dealers for that product or service.

For information about classified listings and advertising rates, call the Business Office.

TELEPHONE MOTION PICTURES

Entertaining and informative 16-mm. sound motion pictures on telephone subjects are available free of charge, for any type of audience: such as, Schools, Church, Business, Fraternal, Parent-Teacher, Trade, Professional, Rural, Women's Clubs and Civic-Service Clubs. For full information ask the Business Office Representative for a descriptive catalogue of films.

HELP IN PLANNING TELEPHONE OUTLETS

If you are planning to build, remember to provide for telephone outlets. They keep telephone wires off your walls or woodwork and can be provided easily and inexpensively if planned in advance and are installed during construction of the building. For free booklets or additional information about telephone outlets call the Business Office.

PERSONAL TELEPHONE DIRECTORY

A Free Booklet to keep a personal list of the out-of-town numbers and other numbers you call frequently is yours for the asking. We'll be glad to give you a copy and tell you how you can obtain telephone numbers of out-of-town telephones. Just ask the Business Office.

LONG DISTANCE SERVICE

YOUR OPERATOR EXPLAINS OUT-OF-TOWN CALLS

I'm your Long Distance Operator,

and I can connect you with all Out-of-town places. Long Distance calls are fast and in less than two minutes on the average you are talking to your party or have a report on your call. Just call Long Distance (See inside front cover for rates to frequently called places.) I will be glad to give you rate information about calls to other long distance points.

You will receive faster service

if you place your calls in the following manner:

1. Ask for Long Distance.
2. Give Long Distance the name of the town you are calling.
3. Then the TELEPHONE NUMBER, if you know it, otherwise the name and address.
4. Hold the line, unless the operator says she will call you.
5. Wait for the operator to ask for your number.

If you wish to be informed of the charge on your call, notify the operator when placing it. After the call is completed, she will call you and quote the charge.

Calling by number

is important and will speed your service. Your Representative in the Business Office will be glad to furnish a "personal telephone directory" for recording out of town numbers frequently called.

STATION-TO-STATION CALLS

PERSON-TO-PERSON CALLS

I'll talk to anyone who answers

A station-to-station call is one on which you will talk with anyone at the called telephone and do not request a specific individual, a department or an extension telephone reached through a private switchboard. Charges begin when the called number answers. Station-to-station calls cost less than person-to-person calls.

A person-to-person call is one on which you wish to talk with a certain person or with a department or extension telephone reached through a private switchboard. Charges begin when the calling person speaks to and receives a response from the called person.

I want to talk to John Jones

Reduced Night and Sunday Rates

—Every night from 6 p. m. to 4:30 a. m. and all day Sunday, there are reduced rates for both station-to-station and person-to-person calls. These rates are lower than corresponding week-day rates on calls for distances of about 50 miles or more.

Collect Calls

—If you wish the person you are calling to pay the charges, please notify the operator when you place the call. This may be done on both person-to-person and station-to-station calls without extra cost, except on station-to-station calls of 20 cents or less for the initial period. These take a higher rate when placed collect.

Appointment Calls

—The Long Distance Operator will arrange for you to talk to a distant party at a specified time, if you so desire. Person-to-person rates apply to this service.

Overseas Telephone Service—Information on telephone service to overseas points and the rates applicable may be obtained from the Long Distance operator. Some typical week-day rates for a three-minute call are: To Argentina, Australia, Denmark, the United Kingdom and the U. S. S. R., \$12.00; to Hawaii and Panama, \$9.00; to Bahamas, Puerto Rico and Bermuda, \$7.50. Reduced rates apply on calls to many countries during certain night hours and on Sunday.

Conference Service—Long Distance Conference service permits connection to your telephone line of persons in different cities so that each can talk with the other. Just call Long Distance and ask for the Conference Operator.

Short Cut to Long Distance: Call by NUMBER—

When you give the number to "Long Distance," she can put through your call without losing time by calling "Information" at the distant point to get the number.

*For The Fastest Long Distance Service Give
The Operator 1-2-3 Information Like This*

1. City and state you want.
2. Number you're calling.
3. Hold the line and give the operator your number when she asks for it.

TO MAKE IT EASY for you to keep a list of out-of-town telephone numbers, we've prepared a handy personal directory. To get your copy — free — just call, write or stop in at your nearest telephone office. There's no charge, of course. We'll supply the numbers for you, too, if you give us the names of people you frequently call.

Ames Civic Information

Historical

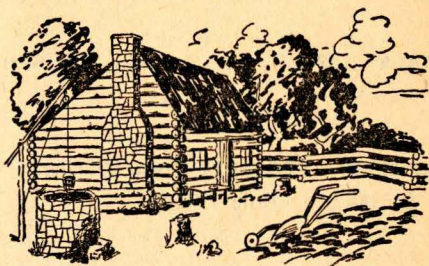

The land upon which the village of Ames was later established was originally purchased from the government by Mrs. Cynthia O. Duff. On November 26, 1864 this property was deeded by Mrs. Duff to John I. Blair and in July, 1864 the first settlement was made and the Cedar Rapids and Missouri River Railroad (now the Chicago and North Western Railway) was built west to this community.

In 1865, The John I. Blair Land Company laid out and platted the original town of Ames, consisting of twelve blocks located north of the Chicago and North Western Railway Company's right of way; and between Duff Avenue on the east, Burnett Avenue on the west, and Eighth Street on the north.

The settlement was named in honor of Oakes Ames, a Massachusetts Congressman, who was financially interested in the building of the, then, Cedar Rapids and Missouri River Railroad. Congressman Oakes Ames donated a church bell to the Congregationalists in honor of their erection of the first church in the town. There are now 21 churches in Ames with many other denominations holding services in special halls and in Memorial Union.

In 1866 Ames was successful in its struggle with Nevada, the county seat, for the location of the "narrow gauge" railroad to Des Moines. This railroad known as the Iowa and Minnesota Railroad was not completed until 1874. Later in the Seventies, this railroad was extended north into Hamilton County to a prairie station, called Callanan, long since abandoned. The railroad after being operated for several years was purchased by the Chicago and North Western Railway Company and widened by them to standard gauge.

In 1859 the citizens of Story County voted \$10,000.00 in bonds and assisted in raising an additional \$11,000.00 in cash and land to secure the location of Iowa State College of Agriculture and Mechanic Arts. The first legislative appropriation for buildings was made by the state in 1864. The school was formally opened on March 18, 1869, with A. S. Welch as President. The present total value of land, buildings and equipment of Iowa State College is about \$27,000,000.

Ames was incorporated as a village in 1870 and became a city of the second class on November 13, 1893. Results of the 1950 census placed Ames as a city of the first class with a population of 22,898, including college students. At the time of incorporation in 1870, there were 656 residents.

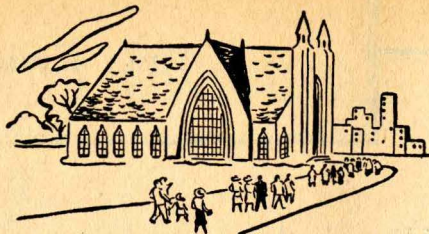

Ames is located in Story County, close to the geographical center of Iowa, 33 miles north of the State Capital, Des Moines. The city is at the junction of two major transcontinental highways—U. S. 30 and U. S. 69, and is on the main line of the Chicago and North Western Railroad. Bus service is provided in the city by the Midwest Transit Company and out of the city by the Greyhound and Jefferson Bus Lines. Air service is provided by the Howard Flying Service, located at the Municipal airport.

Ames has a city daily newspaper published 6 days a week, a student daily newspaper published 5 days a week, two radio stations, KASI and WOI, and one television station, WOI-TV.

Many state and federal institutions and offices are located here, among which are the Iowa State College, the Iowa State Highway Commission, Iowa Agricultural Extension Service and Soil Conservation Service.

Among recreation facilities in Ames are 4 theaters, 1 drive-in theater, 2 athletic fields, 2 field houses, 2 gymnasiums, 2 golf courses, 3 swimming pools, 3 bowling alleys, 1 skating rink, 1 billiard parlor, the Ames Golf and Country Club, the Ames Municipal Airport with its mid-gut racer track, 166 acres of park area and hundreds of public events annually—music, lectures, dramatics, athletic and social events.

You can't receive calls when your receiver is off the hook — and if you're on a party line, you keep others on the line from using their phones, too.

For EXTRA FAST LONG DISTANCE SERVICE

Call by Number

Long distance operators can now dial direct to telephones in many distant cities, giving you faster, more accurate service. To get full benefit of this speed and accuracy, give the operator the out-of-town number. Calls often go through twice as fast.

If you don't have the number, the operator will give it to you when she puts through your call. Add it to your personal number list so you can call by number next time.

How Fast
 should you speak
 over the telephone?

Over the telephone it's especially important to speak slowly and distinctly. The listener does not have the help of watching your expressions and gestures as when face to face.

It helps to prevent talking too fast when you speak clearly in your normal conversational voice.

*Call by Number
for Faster
Long
Distance
Service!*

Your long distance calls go through faster—often twice as fast when you call by number.

It's a good idea to keep a list of out-of-town telephone numbers of friends, relatives and business firms you may have occasion to call.

If you don't have the number and have to place a call by name and address, the operator will give you the number when she obtains it and you can add it to your personal list.

BIG IN VALUE

...LITTLE IN COST

There is no way to reckon the full value of the telephone.

It helps with the shopping — runs downtown — calls a doctor — provides unlimited capacity for friendship, success and good times — enables every business to do more business, and do it better.

A fair price for telephoneservice is one which allows us a reasonable profit — one which will attract the millions of investment dollars still needed for improvement and expansion.

IOWA STATE COLLEGE

Telephone Directory

FROM AMES TELEPHONES CALL 2500

FIRE (to report a fire) from 7:30 a. m. to 10 p. m. except Sundays 9 a. m. . . Dial Operator

(At all other hours dial "9" and call "Fire Department")

LONG DISTANCE—from 7:30 a. m. to 10 p. m. except Sundays 9 a. m. . . . Dial Operator

(At all other hours dial "9" and ask for "Long Distance")

USE OF THE DIAL TELEPHONE

After obtaining the correct number from the directory, remove the receiver and listen for the dial tone. It is a steady humming sound which lets you know that the central office equipment is ready to receive your call.

How to Dial

Dial each figure of the number you are calling in the order shown in the telephone directory.

Take, for example, the dialing of telephone number 763. After hearing the dial tone, place the forefinger firmly in the dial opening through which the figure "7" is seen. Turn the dial around in a clockwise direction until your finger strikes the finger stop. Remove your finger and let the dial return to its normal position without forcing or retarding its movement. The remaining figures "6" and "3" may be dialed in a similar manner.

If you make a mistake while dialing, or if your finger slips from the dial before reaching the finger stop, hang up the receiver for a few seconds. Then remove it and, after hearing the dial tone, dial each figure of the number again.

Service Signals

Ringing Signal—This is a "burring" sound that will be heard at regular intervals which indicates that the bell of the called telephone is being rung.

Busy Signal—This is a "buzz-buzz-buzz" sound that will be heard when the line of the called telephone is in use.

Should you hear neither of these signals after dialing, dial "Operator" and tell the operator of the condition.

Calling From College Telephones

To Other College Telephones—To call another telephone connected with the college

telephone system, lift the receiver and upon hearing the dial tone, dial all three figures of the number in the order in which they appear in this section of the directory.

To Outside Telephones—To make a call to a telephone not connected with the college telephone system, lift the receiver from the hook and upon hearing the dial tone, dial the figure "9". Give the number of the telephone you wish to reach to the operator who answers.

Calls From Outside Telephones

To call a college telephone from telephones not connected with the college telephone system, telephones without dials, call 2500. Give the number of the college telephone you wish to reach to the college operator who will answer and handle your call. Numbers of college telephones are listed in the following pages.

Night Calls

The college switchboard is closed from 10 p. m. to 7:30 a. m., except Sundays 9 a. m.

During these hours see the instructions and night number list on page 3 of this section.

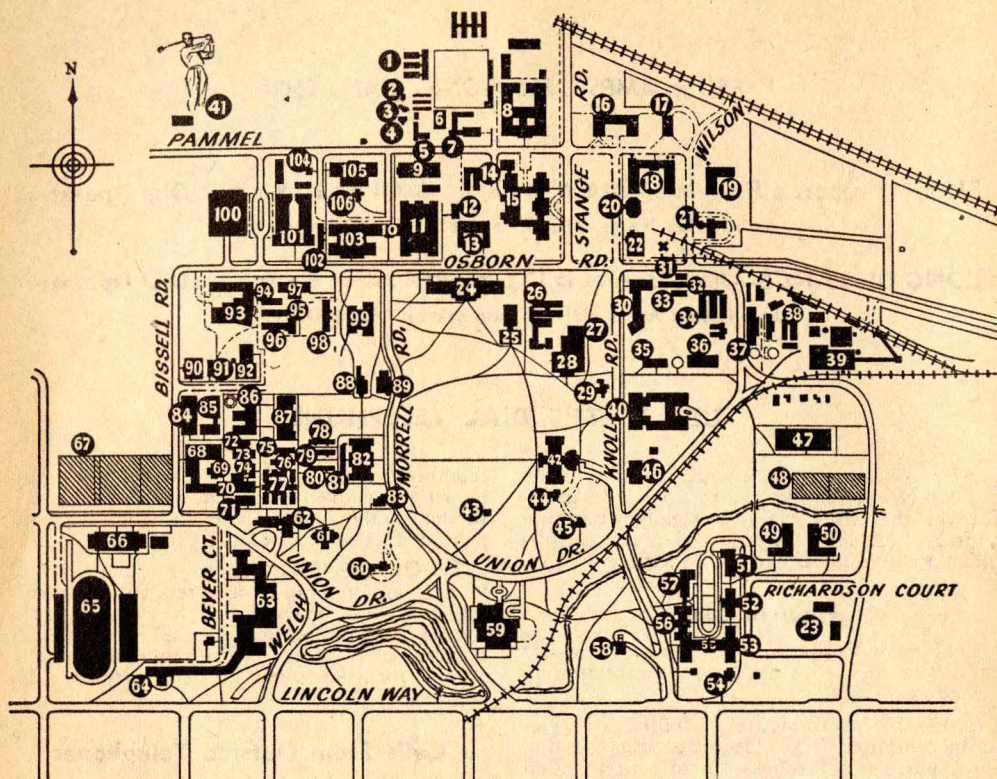

Non-Listed Numbers

College telephone numbers added or changes made too late to be included in this directory will be furnished by the college operator. She may be reached from college telephones by dialing "Operator" and from "outside" telephones by calling 2500.

Directory and Service Changes

All changes in telephone service or directory listings for college telephones should be handled through the Iowa State College Business Office.

For Faster
Long Distance
Service—Call
By Number

In many cases, giving "Long Distance" the number of the out-of-town person you want will result in completing the call twice as fast as when the operator must reach a distant operator to get the number.

Giving the operator the number is important on both station-to-station and person-to-person calls. If you wish to talk to a certain person be sure to tell the operator.

If you'll make out a list of out-of-town friends, relatives and business associates you have occasion to call we shall be glad to obtain their telephone numbers and send them to you.

Free Personal Number Books

To assist you in keeping out-of-town numbers available when you wish to place long distance calls, we shall be glad to supply you with a personal telephone number book. Just call or write the Telephone Business Office for a copy.
